SUBJECT: OVER 5,000 DISPLACED BY GUINEA-BISSAU FIGHTING

REF: USDAO DAKAR SG IIR 6 886 0077 06 (DTG 200721Z MAR 06)

¶1. (SBU) As of midnight on March 17, Senegalese authorities had registered 2,518 refugees and displaced persons fleeing the fighting between Bissau-Guinean forces and Movement of Democratic Forces of the Casamance (MFDC) factions who want peace and Salif Sadio's "Attika" MFDC forces (reftel). The International Committee of the Red Cross (ICRC) estimates that another 3,000 persons have fled to cities in Guinea-Bissau, including Sao Domingos, where food is reportedly in short supply. Two-thirds of those are thought to be Senegalese nationals. (COMMENT: Because MFDC supporters and their families are Senegalese, one should not necessarily label civilians fleeing the fighting into Senegal as refugees. END COMMENT.)

¶2. (U) After a lull over the weekend, the Bissau-Guinean military resumed firing artillery on March 20. The Bissau-Guinean Army has reported five dead and at least as many wounded. MFDC and civilian casualties are unknown at present.

¶3. (U) On March 17, Embassy contacted all registered AmCits in Guinea-Bissau and in Senegal's southern Casamance region. We continue to monitor the situation but do not plan to issue a warden message at this time.
